FINANCIAL AND COMMERCIAL.

LEADING STOCKS DECLINE. Undertone of Market, However, Remains Firm to the Close.

New York, June 14.—The first three hours of today's stock market dealings were very light and quite inconsequential, varying from irregularity to heaviness. Later the list became weak and feverish, with a marked increase of business. There followed a certain amount of liquidation, with a liberal sprinkling of short selling. The liberal sprinkling of short selling. The movement was arrested after leading stocks had recorded declines of two to three points from yesterday's closing, but the undertone remained unsettled

to the close.

Contrary to general expectations, the market at the outset gave no visite signs of relief or satisfaction at the indefinite suspension of activities by the congressional money power investigating committee; neither did it in any tangible way reflect the temporary halt in the proceedings of the dissolution suit of the government against the United States Steel corporation. As a matter of fact the general attitude of the trading public towards the market was largely one of detachment or indifference and the day's dealings probably represented little more than market was largely one of detachment or indifference and the day's dealings probably represented little more than the operations of professional traders. Quite apart from the factors outlined, certain stocks, including the fertilizers and Ontario & Western, were under pressure from the outset, the result, in all probability, of rumors or known conditions which seriously affect their dividend prospects in the immediate future. Contrariwise, such aspecialties as General Electric, Westinghouse, American Malting common and preferred; the Tobacco shares and some of the more miscellaneous issues made early gains of 1 to 2 points, but most of these advances were obliterated and in some instances gave way to losses later in the session. Trading here for London was again too trifing for detailed comment.

Local banks more than recouped their losses to the sub-treasury by receipts

Local banks more than recoursed their losses to the sub-treasury by receipts from the interior and an increase of \$5,000,000 cash is not improbable. Call money was in better demand, the inquiry sending the rate up to three percent, just before the close.

The bond market was heavy with sharp declines in some of the leading issues. Total sales mur value agree.

Two baseball managers were discussing hard luck the other day and the attack made upon on team by a sportattack made upon on team by a sport-ing writer. It ran something like this: "I'd like to see a game of ball played once as the game should be played." Second pilot: "How's that?" "Played by real experts." "How would that game be played?" "Well, I'd have an infield made up of sporting editors, a bleacher enthusiast to pitch, with an outfield composed of grandstand fans."

T. Emory Titman, the mascot of the world's champion Athletics, is the most ponderous mascot in baseball He is the son of a Philadelphia millionaire. He weighs almost 500 pounds.
When the team went south to train this spring, Titman, who has fellowed the Athletics for several years, came out of hiding and accompanied them. He was made mascot in a jiffy, and He was made mascot in a jirly, and ever since he accepted the honor that players have been trying to get him out on the couching lines. But Titman is rather touchy about his size and weight, and his modesty keeps him on the bench. He has even refused to sign a contract.
